Proposed "Dominguez Addition"
(Uninhabited Territory)
to the City of L.A.

Times - 2-17-43

**Rubber Plant Site
Annexation Sought**

By unanimous vote the City Council yesterday instructed the City Attorney to inaugurate proceedings to annex approximately 250 acres in the San Pedro area, which will be utilized by the government's new synthetic rubber plant.

The annexation was recommended by the Water and Power Department, which pointed out that such action would be necessary for the city to supply the plant with city water and power.

Covers certain lots in Tr. No 4671 (MB 56-30+31)
in the area bounded in general by:

190th St on north,
Normandie Ave on west,
James St on south, and
Figueras & Hamilton Sts on east.

**RESOLUTION GIVING NOTICE OF
PROPOSED ANNEXATION OF
UNINHABITED TERRITORY
BE IT RESOLVED BY THE COUNCIL
OF THE CITY OF LOS ANGELES:**

THAT, pursuant to the provisions of the "Annexation of Uninhabited Territory Act of 1939", upon its own motion and without requiring a petition therefor, it hereby initiates proceedings to annex to the City of Los Angeles certain uninhabited territory contiguous thereto and situated in the County of Los Angeles. The boundaries of the territory so proposed to be annexed are specifically described as follows, to wit:

Beginning at the intersection of the southeasterly line of One Hundred Ninetieth Street, 96 feet wide, as said One Hundred Ninetieth Street is shown on map of Tract No. 4671, recorded in Book 56, Pages 30 and 31 of Maps, Records of Los Angeles County, with the westerly line of the parcel of land deeded for Road purposes as a part of Vermont Avenue (80 feet wide), as said westerly line is described in deed to the County of Los Angeles recorded in Book 7065, Page 177, Official Records of said County, said point of beginning being in the southeasterly boundary line of that portion of the City of Los Angeles acquired by annexation December 26, 1906, and known as the Shoestring Addition, said boundary line being the boundary line of the City of Los Angeles as said boundary existed February 17, 1943; thence southerly along said westerly line and the southerly prolongation thereof to the southerly line of Knox Street, 50 feet wide, as said Knox Street is shown on map of said Tract No. 4671; thence easterly along said southerly line and the easterly prolongation thereof, to the westerly line of the parcel of land deeded for Road purposes as a part of Figueroa Street, as said westerly line is described in deed to the County of Los Angeles, recorded in Book 12053, Page 217, Official Records of said County; thence southerly along said last mentioned westerly line to the westerly line of the parcel of land described in deed to the County of Los Angeles recorded in Book 11994, Page 372, Official Records of said County; thence southerly along said last mentioned westerly line and the southerly prolongation thereof to the northerly line of James Street, as said James Street is shown on map of said Tract No. 4671; thence westerly along the northerly line of said James Street and the westerly prolongation thereof to the easterly line of Normandie Avenue, 66 feet wide, as said Normandie Avenue is shown on map of said Tract No. 4671, said last mentioned easterly line being the easterly boundary line of that portion of the City of Los Angeles acquired by the annexation of said Shoestring Addition; thence northerly along said easterly boundary line, to the northwesterly corner of Lot 12, said Tract No. 4671; thence easterly along the northerly line of said Lot 12, to the northeasterly corner of said Lot 12; thence northerly along the northerly prolongation of the easterly line of said Lot 12 to the southerly line of said One Hundred Ninetieth Street, 96 feet wide, said last mentioned southerly line being in the southerly boundary line of that portion of the City of Los Angeles acquired by the annexation of said Shoestring Addition; thence easterly and northeasterly along the southerly and southeasterly boundary line of said Shoestring Addition to the POINT OF BEGINNING.

Said territory shall be designated for identification as "**DOMINGUEZ ADDITION.**"

That Friday, the 5th day of March, 1943, at the hour of 10:00 o'clock A. M. of said day, is the day and hour, and the Council Chamber in the City Hall in the City of Los Angeles is the place hereby fixed by said Council when and where any persons owning real property within such territory so proposed to be annexed and having any objections to the proposed annexation may appear before said legislative body and show cause why such territory should not be so annexed.

The reasons of said Council for desiring to annex such territory to said City of Los Angeles are:

That said territory is to be occupied by a synthetic rubber plant now being constructed by Defense Plant Corporation, a corporation created pursuant to the Reconstruction Finance Corporation Act, which, upon completion, is to be operated by the Dow Chemical Company, the Shell Chemical Company and the Goodyear Tire and Rubber Company; that said plant is equipped to utilize electric energy of 60-cycle frequency; and that the Department of Water and Power of the City of Los Angeles is alone able to supply energy of the frequency referred to; and this cannot be done unless the territory above described upon which said plant is located is incorporated within the boundaries of the City of Los Angeles; that the plant is nearing completion and as it is to be engaged in the manufacture of a vital wartime commodity, to wit, synthetic rubber, it is important from the standpoint of the war effort that annexation take place in order that the electric power necessary to operate such plant may be furnished to meet its requirements; that in addition thereto, the plant, upon its completion, will represent an investment of great magnitude and is likely to eventually produce considerable revenue to the City of Los Angeles through taxation, and will at once produce important revenues to the Department of Water and Power through the sale to it of water and electric energy, and, furthermore, said plant will increase the prosperity of the City through affording employment to large numbers of the citizens thereof, which is desirable to the Council and in consonance with its policy to encourage industry; that the owner of 80% of the territory referred to, to wit, the said Defense Plant Corporation, which intends to immediately acquire the entire area, has requested the Council to initiate proceedings for its annexation.

That the City Clerk be and he is hereby instructed to cause a copy of this Resolution to be published once a week for two successive weeks prior to said hearing in The Los Angeles Daily Journal, a newspaper of general circulation published in The City of Los Angeles.

I HEREBY CERTIFY that the foregoing resolution was adopted by the Council of the City of Los Angeles at its meeting held February 17, 1943.

City Clerk.

Ordinance No. 11444
 An Ordinance to Annex to the City of Los Angeles certain uninhabited territory known as "DOMINGUEZ ADDITION".
 The People of the City of Los Angeles do Ordain as follows:
 Section 1. Proceedings having been taken, as required by law, pursuant to the provisions of the "Annexation of Uninhabited Territory Act" of the State of California, Chapter 109, Statutes of 1933, and of the following described territory contiguous to said City, hereby approved:
 Beginning at the intersection of the southeasterly line of One Hundred Ninetieth Street, 36 feet wide, as shown on map of Tract No. 4671, recorded in Book 56, Pages 30 and 31 of the Official Records of Los Angeles County, with the westerly line of the parcel of land deeded for Road purposes as a part of Vermont Avenue, 50 feet wide, as said westerly line is described in deed to the County of Los Angeles recorded in Book 706, Page 17, Official Records of said County; said point of beginning being the southeasterly boundary line of the portion of the City of Los Angeles acquired by annexation December 1, 1913, and known as the Shoestring Addition; said boundary line being the boundary line of the City of Los Angeles as said boundary existed February 17, 1943; thence southerly along said westerly line and the southerly prolongation thereof to the southerly line of Knox Street, 50 feet wide, as said Knox Street is shown on map of said Tract No. 4671; thence southerly along said southerly line and the southerly prolongation thereof, to the westerly line of the parcel of land deeded for Road purposes as a part of Vermont Street, as said westerly line is described in deed to the County of Los Angeles, recorded in Book 1704, Page 217, Official Records of said County; thence southerly along said last mentioned westerly line to the westerly line of the parcel of land described in deed to the County of Los Angeles recorded in Book 1144, Page 172, Official Records of said County; thence southerly along said last mentioned westerly line and the southerly prolongation thereof to the northerly line of James Street, as said James Street is shown on map of said Tract No. 4671; thence westerly along the northerly line of said James Street and the westerly prolongation thereof to the easterly line of Normandie Avenue, 66 feet wide, as said Normandie Avenue is shown on map of said Tract No. 4671, said last mentioned easterly line being the easterly boundary line of that portion of the City of Los Angeles acquired by the annexation of said Shoestring Addition; thence northerly along said easterly boundary line, to the northerly corner of Lot 12, said Tract No. 4671; thence easterly along the northerly line of said Lot 12, to the northerly corner of said Lot 12; thence northerly along the northerly prolongation of the easterly line of said Lot 12 to the southerly line of said One Hundred Ninetieth Street, 36 feet wide, said last mentioned easterly line being in the southerly boundary line of that portion of the City of Los Angeles acquired by the annexation of said Shoestring Addition; thence easterly and northerly along the southerly and northerly boundary line of said Shoestring Addition to the point of beginning.

Sec. 2. Immediately upon this ordinance being passed by the City Council, before the Clerk of the City of Los Angeles, the City Clerk shall file in the office of the Recorder of the County of Los Angeles an affidavit stating that all requirements of the law pertaining to such proceedings have been complied with, which said affidavit shall be accompanied by a certified copy of the boundary description as set forth in said proceedings, and also by a map delineating such boundary, pursuant to the requirements of the Statutes of 1933, Chapter 472.

Sec. 3. From and after the date of the filing of said document in the office of the Secretary of State, and the filing in the office of the Recorder of the County of Los Angeles of the affidavit and map hereinabove mentioned, the annexation of such territory so proposed to be annexed, and described herein, shall be deemed to be and shall be completed, and thenceforth such annexed territory shall be, to all intents and purposes, a part of The City of Los Angeles, a municipal corporation.

Sec. 4. When the annexation of said territory shall be complete, said territory shall be added to and become a part of the Fifteenth councilmanic district, being a ward of the City of Los Angeles.

Sec. 5. This ordinance is hereby declared to be an urgency measure required for the immediate preservation of the public peace, health and safety within the meaning of section 281 of the Charter of The City of Los Angeles, and shall take effect upon its publication.

The following is a statement of facts showing its urgency: That said territory hereby annexed is occupied by a synthetic rubber plant now being completed by the Defense Plant Corporation, a corporation created pursuant to the Reconstruction Finance Corporation Act, and an agency of the United States Government; that said plant is equipped to utilize electric energy of 60-cycle frequency, and that the Department of Water and Power of The City of Los Angeles is alone able to supply energy of such frequency, which it could not do except for the annexation hereby effected. That said plant is to be engaged in the manufacture of a vital wartime commodity, to wit: synthetic rubber, necessary to the national defense, and it is imperative from the standpoint of the war effort, the public safety and general welfare that it be supplied with electric energy necessary to its operation without delay; and as said plant is expected to commence operations forthwith, the immediate adoption of this ordinance will enable the Department of Water and Power to supply the necessary electric energy for such operations.

Sec. 6. The City Clerk shall certify to the passage of this ordinance and cause the same to be published once in The Los Angeles Daily Journal and The Los Angeles News.

I hereby certify that the foregoing ordinance was introduced at the meeting of the Council of the City of Los Angeles of April 1, 1943, and was passed at its meeting of April 9, 1943.

WALTER C. PETERSON,
 City Clerk.

Approved this 9th day of April 1943.

Annexation Plan Spurred

**Council Irked by
Delay on Synthetic
Rubber Plant Site**

Impatient over continued opposition to annexation of the synthetic rubber plant site on Dominguez property in the harbor area, the City Council yesterday adopted the annexation ordinance, but later reconsidered its action and set it as a special order of business today.

Before adopting the ordinance, Councilmen stated that all objections by the lessees, consisting of the Dow Chemical Co. and the Shell Co., have been met, including exemption from stringent building and safety regulations.

"They want everything we can give them in the way of city utilities and exemption from regulations, and when they get it they are not willing to be annexed because they do not want to pay city taxes," Councilman Norris J. Nelson stated.

Delay Sought

City Attorney Ray L. Chesebro stated that the Defense Plant Corporation and the Reconstruction Finance Corporation sought further delay, and advised putting the matter over so as not to embarrass them.

Councilman Edward L. Thrasher pointed out that the Water and Power Department is spending thousands of dollars putting city utilities into the plant and that annexation is necessary to make this legal.

The vote then for denying any protests and adopting the annexation ordinance was unanimous.

Word From Capital

Shortly thereafter City Attorney Chesebro stated he had a message from Assistant City Attorney S. B. Robinson, now in Washington, urging delay on annexation, as to proceed would greatly embarrass both the Defense Plant Corporation and the city.

Councilman John L. Baumgartner wanted to know what is behind all the delay, and if the lessees are not planning to get use of city utilities and dodge paying a proper share of city taxes.

Chesebro, in reply, said that in his opinion they plan to get a Federal order requiring the city to provide the utilities regardless of annexation.

Power Challenged

"I told them," he said, referring to Federal representatives, "that we would not obey any such order, holding it not to be in their power to enforce. In my opinion I believe they think the city will cave in and give them what they want."

When Chesebro explained the awkward situation created by adoption of the annexation ordinance, the Council, on motion of Councilman Roy, Hampton seconded by Earl C. Gay, reconsidered its action.

Chesebro stated that in the meantime he would telephone to Robinson to ascertain what is holding up the Defense Plant Corporation's approval of the annexation of the plant site to the city.

Council Votes to Annex Site of Rubber Plant

Annexation of the 260-acre site of the \$40,000,000 Federal synthetic rubber plant now nearing completion, bounded by 190th, James and Figueroa Sts. and Vermont Ave., was voted yesterday by the City Council, 13 to 1.

The action followed a message from the Mayor and a verbal statement by City Attorney Ray L. Chesebro that the Defense Plant Corporation, which had asked postponement of annexation, has withdrawn any objection.

Veto Overridden

At the Mayor's request the Council also voted to override the Mayor's veto of the ordinance setting up city water rates for the plant, which would graduate from 300,000 cubic feet a month at the present rate of 7.2 cents per 100 cubic feet to 4 cents per 100 cubic feet for amounts in excess of 10,000,000 cubic feet a month. The vote was unanimous.

Councilman Charles A. Allan voted against the annexation of the ground that he is not satisfied regarding the effect of the ordinance adopted by the Council exempting the plant, to be operated by the Dow Chemical Co. and the Shell Chemical Co., from sections of the Municipal Code covering regulation and inspection.

Union Opposition

Unions last Thursday voiced to a Council committee opposition to this ordinance and demanded its repeal on the ground that it would allow violation of established regulations set up for the safety and health of employees.

E. D. Boyd, representing the Los Angeles Building Trades Council, yesterday informed the Council that he thought these objections might be eliminated by amendments which could be made later to the exemption or-
